Try indoor orienteering

On 6. July 2018 - only one day before the sprint qualification - the young runners from the 4 organizing clubs will host an indoor sprint event at the spectacular five story high school in Nærum. Twice the high school has been used for indoor orienteering and it has been a remarkable success.

We want to give everyone a chance to try this rare challenge in connection to WMOC.

There will be a low entry prize paid on the day and put and run between 9 and 15. Any profit goes straight to a training trip for the young runners in our clubs.

Great opportunities for preparation

In 2018 you will find great opportunities for participating in high quality events in relevant terrain. We have selected two events, that we recommend for you to consider.

Danish Spring, 23rd – 25th March 2018

Danish Spring is the successor of the well-known Spring Cup and will be organized 23rd to 25th March 2018 with three WRE events. Sprint in Sorø in central Zealand and Middle and Long distance in Hvalsø forest – the EOC 2004 qualification terrain located approx. 20 km southwest of Roskilde.

Apart from being relevant for the WMOC final, it is also a challenging and enjoyable terrain.

The entry is open, and you will find more information at the event website (see below.) The organizers also recommend accommodation at various [price levels](#)

Zealand Championships 2018 – Sprint, Relay and Long – 9th and 10th June 2018

Only four weeks before WMOC, FIF Hillerød Orienteering caters for high quality events.

On Saturday 9th June, it will be possible to participate in the Zealand relay championships. If you cannot collect a team of three participants (two in the oldest classes), you can register at the individual classes.

On Sunday 10th June, the Zealand Long distance championships will be organized. Both events will take place in the forest Store Dyrehave just southeast of Hillerød.

If you move fast you can even secure accommodation in Hillerød Youth Hostel (<https://hillerodhostel.dk/en>) at walking distance from the arena of the forest events.

For more information about the event, please contact the event director using e-mail address john.sondergard@gmail.com
